

## OUR VISION

### Love Marlborough Kids Meals

We provide hot meals to families who need them. We feed the whole family, one hot healthy meal, delivered to their door once every week, with enough additional ingredients to cook another simple meal in the week.

Our guiding principle is: No Fuss – No Forms – No Referrals ... Just Food for Families who need it.

Kymee Cleasby was inspired to start Love Marlborough Kids Meals by England player Marcus Rashford's campaign to feed children missing out on school meals over the summer. "I completely agreed with him and began thinking about all the companies that were making large redundancies and all of the people who have never been in that situation before and not part of the welfare system," she said. "I heard of families who had slipped through the net for one reason or another. I had a feeling that there were other families missing out, and so I began asking around.

"I heard about one family living on baked beans for two weeks, which struck a chord with me. I come from a deprived background and I can remember eating baked beans for the whole of one summer. That was in the 70s, it shouldn't be happening now. I heard of another family wondering how they could split a jar of hot dogs with their neighbour, also in need..."

The Covid-19 pandemic changed the lives of so many people, their employment crumbling away, out of their control. The economic crisis, rising fuel and food costs all mean that the pressure on families continues. We continue to work to support those that are struggling through these difficult times.

Marlborough people are amazing and very community-minded, and people have come forward to volunteer in numbers we really were not expecting. Everyone understands the need, in spite of Marlborough's prosperous image, we have communities struggling with the same deprivation as other towns, just not as visible, until you begin to look for it.

It is important that we make no judgement of those who come for help. We don't use any criteria to decide who gets fed because we don't want anyone to feel they can't come forward. We won't tell anyone else about their situation and we won't ask them to prove they need help. We want to reach all the families in this area who are in need of help.

No Fuss – No Forms – No Referrals ... just meals for families who need them.
